B:

Erm, so, our group is doing a project to find out how popular reality TV shows are in Hong Kong. So, personally, I think that the younger generation actually enjoys watching ... reality shows more ~~because~~ ... this can be proved by the rising trend of reality shows such as America's Next Top Model, or Running Man in Hong Kong. These shows receive much popularity and attention among teenagers and have become the source of discussion on social networking sites such as Facebook or Youtube. Erm, ~~on~~ ..., in contrast, the older generation does not really like ... reality shows much because they think that ~~it~~ they demonstrates a bad model and ~~it~~ they involves some immoral or unethical acts. This is

especially true for the conservative parts of the society in Hong Kong.

C:

I agree with you that reality shows are more popular among the teens. And I would like to use a popular ... reality TV show to illustrate my point. And it is called the Movie Buff Championship, which is broadcasted on Sunday. And in the TV show, different movie stars have to play different games, including the big TV, which ... requires a lot of inappropriate wordings. And then, there are also some other games that require a lot of physical contact between the boys and girls, which is actually quite inappropriate. So, ... I still remember when ... on Sundays~~s~~, my whole family used to watch this TV show together, and my parents were, like, criticising the games and the actions of the movie stars. And then ~~while~~ ... my sister and I enjoy~~ed~~ the show a lot and ~~find~~ ~~found~~ it very funny. So, I think that teenagers like the show a lot because it can be a good laugh and it is also a good way to release stress, and to relax. But then, for the parents, they are more conservative, and then they may find the games a bit inappropriate. So, I think that reality TV shows are more popular among the teens.

D:

~~I agree ...~~ I agree with both candidate B and C that ~~the~~ young ... generation prefers~~s~~ reality shows more than ~~the~~ old generation. Because ~~the~~ young ... generation ~~found that the~~ ~~finds~~ ... reality shows~~s~~ is more interesting, like ... just like the War of Leftover Women~~en~~. Like, the young generation enjoys~~s~~ it a lot because they

can talk about ... how the young women chase their dream men. And then, ~~for young~~, for the old generation, they dislike this kind of ... reality shows because it's ~~they're~~ kind of like demoralising ~~degrading~~ the ... women, like, ... The values are different with the young generation, like, they think that the ~~plot~~, plot are ~~all designed~~ is preset and it's all fake, it's ... the ~~and each~~ woman may be already, like, assigned to a man and ... ~~for etc.~~ Like, ... while The young ... generation enjoys mocking ... those women and like ... talking about such things. Yeah, so I think that the young generations prefers it reality shows more.

A:

Hm, I think ... we have come to a consensus that the younger generation are in general ... likes ... reality shows more than the older generations. And I think ... the older generations may prefer watching the news or any ... current issue commentaries that are more informative and ... the content is also more mature than purely games and entertainment. And ... I think that ... ~~some reasons that~~ reality shows are popular in Hong Kong, maybe because ... normal citizens like us can have the chance to appear on the television to play games and interact with ... the hosts, ... ~~which~~ who are normally ... ~~popular~~ ... popular stars or idols. And they may even have the chance to rise to fame ... ~~when~~ when taking part in the competitions such as ... the game ... Minutes to Fame, in which ... contestants can perform a song, or a dance, and ... if the judges think that they ~~do~~ have not performed well, they will just ... ring the bell and they the contestant will be ... out, disqualified ~~out of~~ from the competition.

And a lot of ... interesting ... contestants have ~~rise~~, ... risen to fame because of this competition.

B:

Erm, apart from the potential of getting famous, I also think ... reality shows ~~s~~ is ~~are~~ popular because ~~it kinds~~ ~~they kind~~ of create a topic of discussion among families and friends. This is actually, ~~add~~ more entertaining elements in the life of Hong Kong people, especially when we are always stressful because of our work or academic ~~side~~ studies. And also, sometimes, ... reality TV shows are quite informative, like, as candidate D ~~has~~ mentioned ~~about~~, the reality show, ... ~~about~~ Kong Girls or Leftover Women, we can actually know more about this kind of social phenomenon through ~~shows~~ ... shows like this. ~~And it is a lot~~, and it is quite informative and educational.

D:

And sometimes, teenagers may find excitement in reality shows such as ~~reality show like~~ Man vs Wild. ~~Like~~, ... in this ... reality show, ... the ~~man~~ actor ~~needs~~ to go into the forest and ~~like~~, explore and encounter a lot of dangers ~~in the forest~~, ... he may even eat the insects inside the forest. So, ~~the~~ teenagers may find it very exciting and they would enjoy it a lot.

C:

And I think that another reason that people like reality shows ~~s~~ is that ... it is a good way to spend leisure time and to bring the family together when they watch it together at home. And one of the good shows, ... is called the Voice. And it is a music show in

which different participants can ... sing covers of different songs. And I think that it is a good way show because music is a good way to ... release stress. And then, ... they can also listen to a lot of different pop music. And I still remember that there was a star called Meg Lam, who went viral during the show. And ... they, a lot of people discussed about her, and then ... a lot of teenagers were ... very happy when they heard Meg Lam's song, and then they also ... discussed a lot about her singing techniques and I think this is also a good ... a reason why people like reality shows.

A:

Er, in addition to candidate C's point, I think that ... one ... one other reason that reality shows are popular is because ... there involves is a lot of competition in the show. And when it comes to winning or losing, the contestants will use their determination and perseverance to ... try their best to win the show. And I think it's interesting to see how their mentality changes throughout the show.

B:

Erm, I see all your points. But then, I think our project should also cover some of the unpopular sides of this reality shows. And I think ... sometimes, this kind of shows are is unpopular because it teaches negative elements such as foul languages, and it often broadcasts some negative acts. For example, in the show America's Next Top Model, ... some of the models ... actually took smoked weeds and then, it is a poor role model for teenagers. And if teenagers just learn, blindly learn from them, and then this there will be a negative impact on them.

C:

(silence) And I think that reality shows ~~doesn't~~ **don't** really care about ... **the** contestants' ... feelings. And then, they just disqualify them from ... the competition and ~~it's~~, it is kind of ... cruel. So, I think that we've discussed the pros and cons of reality shows **s**, and then ... we should include all of them in our project.
